Kentucky Red Man, Louisville—We are pleased to report Past Sachem Walter C. Wormald as showing satisfactory improvement, and to predict an early return to life's greatest blessing—good health. Chief Wormald recently passed through the rather trying ordeal of a surgical operation at St. Anthony's Hospital, where he was confined for six weeks. This is the second operation in less than three years. Prior to that time he had enjoyed splendid health. He is now at his home 613 West Broadway, convalescing. He walks about a little nearly every day and hopes soon to be able to follow the hunt. Chief Wormald is a valued member of the Great Council of Kentucky and of Wyandotte Tribe of Maysville.

BIG DAY IN MAYSVILLE

Yesterday—Business Boomed and All Were Hustling

Yesterday was County Court Day, and it was a cracker jack, at that too.

The town was full of people, plenty of stock on the market, prices fairly good, the merchants busy all day and the Banks taxed to their utmost to accommodate customers.

Early in the morning John Daley's office was besieged with a throng all eager to get some of his free distribution, and in a very short time Captain William Daugherty had dispensed 75 packages of corn and 30 packages of seed potatoes, and could have given away fifty bushels if that amount had been on hand.

With each succeeding Court Day the crowd grows larger, more stock on the market and business more animated.

There was a big crowd from across the river, and on their return they all carried bundles home with them.

REVIVAL

Dr. Baker's Interesting Meeting at M. E. Church

In spite of the inclemency of the weather, a good-sized crowd was out at the revival services at the Third Street Methodist Church last evening.

Those who came were abundantly repaid for their effort, as Dr. Baker preached one of the most helpful sermons of the series from the text, "Blessed are they which do hunger and thirst after righteousness, for they shall be filled."

He said that the hunger and desire of the normal Christian for spiritual food should be as evident and manifest as the hunger of the normal human body for its food. He pleaded with his hearers to not be as dyspeptics, satisfied with a mere pittance, but to be strong, healthy, hungering Christians for the fullness of God's blessings, and the promise is that they "shall be filled."

Services today at 2:30 p. m. and 7:15 p. m. All are invited to this feast of spiritual things.

SHORT TALKS BY L. T. COOPER. INTERNAL PARASITES.

Cooper's New Discovery has taught me many things. Not least of which is that parasites or tape worms as they are called are responsible for an immense amount of suffering.

NICK EMMERICK.

Thousands of these creatures have been brought to me by people who have taken the New Discovery and now know that an immense amount of supposed stomach trouble is caused in reality by one of these parasites. A man or woman may be afflicted in this manner for years and not realize the true cause of their suffering. When I first sold Cooper's New Discovery I did not know that the medicine would remove this trouble. I have since found that it invariably does so. The following letter is a fair sample of the symptoms as experienced by an individual thus affected:

"I was always tired. My stomach bloated and the slightest exertion made me sick, weak and dizzy. My appetite was variable and a good nights sleep was unknown to me. When I awoke in the mornings I had a bad taste in my mouth and a coated tongue. I heard of the wonderful benefits that were being derived from Cooper's New Discovery, and decided to try it."

"The horrible tape worm, sixty feet long that had been sapping my life away, passed from my system alive and squirming after I had taken three doses. Now I have a splendid appetite, every trace of stomach trouble has disappeared and my digestion is good. I sleep well and am gaining in strength every day." GREATEST OF ALL LAWYERS.

Men of Eminence Award Palm to Benjamin Harrison.

A group of lawyers were discussing various legal questions in the lobby of the Ebbitt hotel at Washington. The conversation had turned upon the big men of the legal profession.

"I am of the same opinion as the clerk of one of the circuit courts of Ohio," said A. H. Petty, of Urbana. "We had been talking of various lawyers who had made national reputations, and in that particular circuit many famous men had practiced before the courts. The clerk, who had had long experience and was a man of keen observation, asked me whom I regarded as the greatest lawyer I had ever heard of. I could not then call to mind any one who, in my opinion, stood out conspicuously above a dozen big men. 'The greatest lawyer,' said the clerk, 'that ever appeared in a court in this country was Benjamin Harrison. He never made an argument in a court room that he did not instruct the man on the bench.' That was high praise, but looking at it afterward I came to the same conclusion. He had the greatest legal mind of any lawyer in the last 30 years in my opinion, and many others with whom I have talked are of the same belief."—Washington Post.

A Cigar Store Secret.

Every tobacco store has on its counter a machine for cutting off the ends of cigars. These machines are popular for the reason that they pay for themselves many times over every year.

The ends that smokers cut off are carefully gathered from the counter, and it takes but a few hundred of them to make a pound of good tobacco. This can be sold for 40 or 50 cents.

Some cigar store clerks are very solicitous to see that the patron does not overlook the cutting machine. They push it towards him, and he is impressed with their politeness. These clerks have for a perquisite the machine's cuttings. This adds several dollars weekly to their salaries.

Few Good Stories Written.

"Since the world began," says Julian Hawthorne, "there have been written perhaps 100 supremely good works of fiction. Assume that the first of these was the Iliad, now about 3,000 years old. One hundred good stories in 3,000 years is a story every generation. Since the battle of Waterloo, then, there have been rather less than three of them. Probably we are overrating the number rather than the contrary. When you consider the matter, three supremely good stories in a hundred years is a very high average."

OUR PRIDE IS IN THE WORK HARNESS

Department of our store. By giving special attention to the most minute details we turn out Harness whose longevity rivals that of the Deacon's wonderful one-horse shay, which, as you all know, was so wonderfully constructed that it did not wear out in any one particular place, but, after being used for one hundred years to the minute, went to pieces all at once. Our workmen, being skilled at their work, know, as did the Deacon, that "Tis mighty plain that the weakest place must stand the strainin', 'n the way it fix it, uz I maintain, is only jes' to make that place uz strong uz the rest." We can give you the names of some of our customers to whom we sold work harness when we first went into business, and which is still as good as new. Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
